Childs' Specialties of Merit

Sensation Petunia

Sensation Petunias

54700. (See illustration opposite.) This is the richest and most beautiful royal purple Petunia in the world. No other Petunia has the sheen and velvet texture that is to be found in Sensation. It has all the requisites for a desirable garden variety. It is a robust grower, stands grief. It literally blooms its head off. Just a wealth of color from early summer until freeze-up. **Pkt. 50c; 3 for \$1.25. Postpaid.**
16807. Plants. Doz. \$2.25; 25 for \$4.00; 50 for \$7.50.

Christmas Kochia

53470. Christmas Kochia *Trichophylla* Childs. We are the original hybridizers and introducers of this marvelous hedge and border bush plant. Nothing up to the present time takes its place or fills the same need. It is the only plant that can be sown from seed and in a few weeks (even the poorest kind of soil) produces a fine symmetrical bush of unusual uniform evenness in size and shape. **Pkt. 10c; 3 for 25. Postpaid.**
16545. Plants. Each 25c; doz. \$2.50.

Aquilegia that Are Larger

50210. (See illustration on page 5.) Something new, something better in Aquilegia. This old favorite that we all love so well would be hard to recognize in this new strain, Long Spurred Hybrid. It is so vastly improved in every way that it resembles a new creation. Color tones are embellished to the most delightful hues. **Pkt. 50c; 3 for \$1.35. Postpaid.**
10020. Plants. Each 30c; doz. \$3.00.

52490. *Didiscus Coeruleus*. (See illustration on page 9.) Unquestionably one of the most beautiful flowers ever introduced. The soft sky-blue color is almost beyond description. It is such an exquisite rare blue that it is immediately noticeable. No other flower has more grace or form. Resembles Queen Anne Lace, but the florets are considerably larger and of a rare blue color. **Pkt. 20c; 2 for 35c. Postpaid.**

Upright Growing Verbena

56785. We are pleased in our ability to offer this Bush Verbena of upright growth. It fills a long felt need in the garden. The Verbena is one of the most beautiful of flowers. Childs' Leading Specialties

Calendulas of Monster Size

51177. Childs' Mammoth Orange. We offer you now for the first time a monster sized Calendula that is so profuse a bloomer that it fairly blooms its life away. Keeps the garden ablaze with color. Keeps the house full of the finest cut flowers. Keeps the neighbors' homes full also. Comes early in the spring and is one of the last to defy Jack Frost.

The flowers frequently measure 3 inches across. Are of fine and very double formation. The color is of the richest orange, glaringly bright. **Pkt. 25c; 3 for 65c.**

Everblooming Sweet William

56555. Childs' Everblooming. (See illustration on page 16.) This is one of the finest real good things we have to offer. It will please and satisfy you. The flowers are larger in huge cluster with colors that are exceedingly beautiful and varied, ranging from pure white to rich red. Many of the flowers are ringed and spotted, creating a most novel effect. We have counted as many as 74 large blossoms on one plant. It is perfectly hardy. **Pkt. 25c; 3 for 65c. Postpaid.**
10764. Plants, each 30c; doz. \$3.00.

Childs' Delphiniums

The strain exceeds in beauty and immensity any Delphinium before introduced. We predict that it will supersede all the older sorts.

With each additional year it increases in beauty of formation, in productiveness of bloom and vigor. **Seed of above, Pkt. 50c; 3 for \$1.35.**

10880. Plants, each 50c; doz. \$5.00. Postpaid.

Private Estates Delphinium

Childs' New Mammoth Orange Calendula

Everblooming Amaryllis

5020. (See front cover for illustration.) This introduction of our own is a plant and flower of incomparable magnificence. The most extravagant praises would not do it justice. It was the wonder and the awe of all who saw the International Flower Show display. As a pot plant for the house it is unexcelled. Free and easy grower.

The flower stalks are about 2 feet high and bear from three to five exquisitely beautiful blooms of the brightest and most striking orange-salmon color ever seen in any flower.

5020. Flowering Bulbs, \$1.00 each; 3 for \$2.75.

50150. Seed. (Blooms within a year.) **Pkt. 50c.**

Fountain Cyperus

15900. Although it thrives in wet, damp and moist places it also flourishes under the natural conditions of other plants. The graceful triangular stems spread out into a beautiful plant with great heads of thread-like green leaves that sway back and forth in the smallest breeze, giving it an effect like a playing water fountain (hence its name). **Each 50c; doz. \$5.00. Postpaid.**

A Trailing Abutilon

15085. Here is a novelty of real beauty and value. A plant that is easy to grow and a delight to all who see it. In our opinion, is a wonderful flower. The leaves are a rich deep green, beautifully spotted with a rich yellow. The flowers are long and somewhat trumpet shaped of the richest blood scarlet. The graceful, slender branches grow several feet, trailing superbly. For a suspended pot, hanging basket or window box it has no superior. **Each 40c; 3 for \$1.00. Postpaid.**

A New Sweet Scented Double Syringa

14170. Now if you want something that will produce flowers, beautiful flowers in profusion, something that grows quickly, something that scents the atmosphere for blocks away, something suitable for cut flowers, then try this. We ask you to accept our word that it is something extraordinarily beautiful, useful and pleasure giving. The flowers are double. **Each \$1.25; 6 for \$7.00. Postpaid.**

Splendid Specialties and Novelties

Two New Chrysanthemums

Again we offer you something new, something **unusual**, something beautiful. A magnificent hardy, free flowering thread-like Chrysanthemum that will be a pleasure.

We particularly recommend this to all who love "Mums," for it is very fascinating and beautiful. If you pinch back the parent stems and lateral branches in the early stages of its growth it will reward you with a mass of bloom that will prove a veritable shower of flowers on nice long stately stems which for cut flowers cannot be excelled.

10355. Cocoanut White. Each 40c; Doz. \$4.00.

10357. Cocoanut Yellow. Each 40c; doz. \$4.00.

Phoenix Robelini Palm

16732. Not something new, but a palm for house use that will stand considerable abuse and still grow rapidly and large. It is beyond a doubt one of the finest palms possible to grow. Nothing can surpass it as a decorative plant. It will succeed in any window. If moved outdoors in summer does equally well. The foliage is graceful, striking and beautiful. We question if this variety can be purchased anywhere else. We offer it because we have been studying the best palms for growing in the home and find that this and our Filifera are unquestionably the best for average home conditions. **Each 50c; 3 for \$1.25. Postpaid.**

Gloxinias—Childs' Giants

6210. We specialize in Gloxinias. And what a display! The Gloxinia is, we believe, the most beautiful flower in the world. Resembles large inverted bells of color combinations almost too exquisite to imagine. The leaves are large, the color richest green and the flowers stand out gracefully beyond. The texture has the appearance of waxy velvet. Stands house use in a fine manner. Colors are very intense and bright—some plain, some spotted, some mottled, others bizarre.

Bulbs. Each 50c; 3 for \$1.35; doz. \$4.50.

52900. Seeds. Pkt. 50c; 2 for 85c.

Childs' Storm King Fuchsia

15920. This variety is a Childs Introduction, being originally brought out by us. A double white, perpetual blooming, weeping Fuchsia. Its graceful, weeping habit and beautiful flowers, more freely borne than those of any other sort, make the most valuable of Fuchsias. It is always in bloom. The buds, for two weeks before they expand, are balls of glowing scarlet-crimson. When expanded the enormous double flowers are almost pure white, capped by a calyx of glowing scarlet. **50c each; 3 for \$1.25. Postpaid.**

Azalea—The Beautiful

14010. Bushes become literally covered with rose shaped flowers, so thick, in fact, you can hardly see the leaves on the bushes. It is a wonderfully prolific shrub. They start to bloom their heads off the first year and each year as they increase in size the profusion of blooms seems to increase. **Each \$1.00; doz. \$10.00. Postpaid.**

Charming Double Begonia Vernon Hybrid

15230. Produces more profusion of double flowers than any other Begonia or any other kind of plant. Especially recommended for outdoor use. In any location it is always a remarkable bloomer. The foliage is beautiful and the flowers range in white, pink and crimson colors. It is decidedly an all-year-round flower. **Each 60c; 3 for \$1.65. Postpaid.**

51080. Vernon Hybrid Seed. Pkt. 25c; 3 for 65c.
